Rick, based on the latest request to docket the 10/16/19 Triazine Network letter, I asked Kelly Sherman to outline the various letters/memos/meeting minutes to make sure we are docketing the correct items and which ones we are still waiting for clearance so that nothing inadvertently gets dropped.

Please let us know which of the additional items below may also be ready for the docket.
The Triazine Network letter will be added to the docket on Monday.

Thanks
Elissa

[resending with 9/26/19 meeting notes also attached]

Hi Elissa,

Per our discussion this afternoon, below is a list of the pending atrazine items and their current status, so that you can confirm with Rick what we should be doing in terms of docketing:

1. **8/9/19 Letter from Alex Dunn to Jon Doggett, National Corn Growers** (attached), re the CELOC. This letter is already on the EPA website at: <https://www.epa.gov/ingredients-used-pesticide-products/letter-august-9-2019-alexandra-dunn-jon-doggett-national-corn>
We have not yet added it to the atrazine docket, do you want this added to the docket?
2. **10/16/19 Letter from Alex Dunn to the Triazine Network and the MO Corn Growers** (attached) re birds, fish, and amphibians.
We have not yet added it to the atrazine docket, but will plan to add it on Monday

3. **Notes from 9/26/19 meeting between Triazine Network and Alex Dunn** (PRD was not in attendance, but EFED drafted notes; the draft notes are attached; EFED said Rick is seeking clearance from the OCSPP-IO for these)
We will docket these notes once they have been cleared.
4. **Notes from 2/12/18 meeting between Triazine Network and OPP re the eco assessment**
We will docket these notes along with notes of the 9/26/19 meeting. (The draft notes from that meeting are attached) These are cleared for the docket?
5. **Regulatory Update Memo** re CELOC (draft) – I believe that we are still waiting for approval from the OCSPP-IO to finalize this memo. It is drafted as a memo to the file, from Rick. (Attached)
We will docket this once it has been finalized.
